Note 1

Anti social behaviour levels were slightly reduced for this period, but there were concerns re the trees on the playing field being stripped. An action plan has been set up for the ASB around the village hall, involving both the Neighbourhood team and the response vehicles. Out of the 7 reports, 3 were for vehicles racing around the village hall. 2 motorists have been given suitable advice and may face section 59 warnings in future if caught using their vehicles in a manner which causes a nuisance. In another incident 3 local lads were caught playing football on the car parks there. The parents of these lads will be receiving anti social behaviour letters from Insp. Chapman regarding their children's behaviour.

Note 2

The two reported assaults were both of a minor nature and domestic related, which were resolved without any formal complaints.

Note 3

The priority crime figures were excellent with no burglaries, robberies, or criminal damage and no theft of or damage to motor vehicles. However there were 3 reports of theft from motor vehicles. 2 of which involved the taking of parts from vehicles, one of which is a repeat victim.

Note 4

The theft report was that of a scrap merchant removing items which had been left on view but were not scrap. I would suggest nothing is left on view as Pattingham is in the good scrap metal merchants guide. With the price of scrap being at £148 per tonne we will get regular visits. Two such scrap men have been stopped checked in the village and found to be legal. Staffs Police are having a day of action assisting trading standards later this month. We will be targeting scrap merchants, in this area.

Note 5

The RTC was a particularly serious one down at Patshull.
